Standing up to corporate power in Honduras

The *People and Planet First* campaign is about helping communities stand up to corporate power. In Honduras, as in much of the Global South, corporations often threaten and criminalize activists who speak up against their abuses.

The Lenca Indigenous leader Victor Vásquez was imprisoned for fighting the corporate takeover of his people's ancestral territory. Development and Peace's partner, the Honduran Centre for the Promotion of Community Development (CEHPRODEC), helped free him from jail.

Another partner, Caritas Choluleca, trains and accompanies community leaders in advocating for policies that respect human rights and the environment. Recently, they got mayoral election candidates to undertake to declare the municipality of Orocuina a mining-free zone if elected. Read more about these people's victories in our Mini-magazine at devp.org/lent/resources.

Stewardship Bulletin Bit

"...He said to the gardener, 'For three years now I have come in search of fruit on this fig tree but have found none.'" (Luke 13:7)

We can all be like the barren fig tree at times. Do you cling to what you have or do you generously share with others? How will you respond when God asks you what you have done with all the gifts He has given you? Remember, not only are we called to be generous, we are called to develop and nurture our gifts, and return them with increase. Remember, we are called to be generous with all of gifts; especially the one that means the most to you.
